

Come for the Long Term Care Colloquium  
...and stay for the IPA Congress!

## 4th IPA Long Term Care Colloquium

### Cutting Edge Technologies in Care of Older People

13 October 2015

IPA INTERNATIONAL PSYCHOGERIATRIC ASSOCIATION  
**International Congress**  
13-16 October 2015

This pre-congress program introduces the exciting and cutting edge world of social robots, assistive technologies and telehealth care. The colloquium audience is made up of health professionals, long term care staff, managers, engineers, researchers, ethicists, students, and other interested health care technology participants.

- Robots and Technologies – maintaining well-being
- Companion Robots – more than cute and cuddly
- Ethics and Technologies
- Innovative Technology and Robots in Older People Care
- New Developments and Uses in Technology
